## ABOUT *Xno* COLLECTION

Leveraging extensive research into global glassware and beverage trends backed up by consultancy with Top Polish bartenders, we've created a focused Xno offering designed to perfectly meet horeca demands, making selection quick and intuitive, saving you time and simplifying your ordering process.

Crafted from durable, lead-free crystal, Xno is built to withstand the rigors of professional use. This superior resilience minimizes breakage, lowers long-term replacement costs, and ensures lasting clarity. Despite its robustness, the glass is elegantly thin, providing a premium feel and sophisticated aesthetic.

Xno is our exclusive horeca line, showing a deep commitment to the industry. It's performance-built for professionals, backed up by craftsmanship and expertise of five generations of KROSNO glassmakers. Born in the fires at the foot of the Carpathian Mountains, Xno is ready to work in the firey environment of horeca industry.
